MANY THANKS for your past purchases and/or interest in **NAYLORSEED** sweet corn.

We offer several varieties of sweet corn in either yellow or bicolor. Our three yellow varieties are Xtra-Sweet, and are known for their high sugar content and improved storage characteristics. Our two bicolor varieties are surgary enhancers (SE) that have excellent taste, tenderness and texture. The SE varieties are less restrictive on isolation from other corn.

We have reserved what we believe to be ample supplies. In case the demand is greater than we anticipate, **EARLY ORDERS** will be shipped as requested, but late orders may necessitate substitutes for certain hybrids.

Xtra-Sweet Yellow:

Northern Xtra Sweet =67 day; Vision =75 day; Chieftain =79 day

SE Bicolor:

Bon Appetit =71 day; Lancelot =82 day

Our 2010 prices on these hybrids offered on a F.O.B. basis are:

<u>TOTAL POUNDS ORDERED</u>	<u>PRICE PER POUND</u>		<u>SHIPPING & HANDLING POUNDS</u>	
	Xtra-Sweet	SE	1-5	= \$8.75*
1 lb. - 9 lb.	= \$16.50	\$11.00	6-10	= \$11.50*
10 lb. - 99 lb.	= \$15.75	\$10.50		

*Shipping is figured for in the state of Iowa shipment only. Out of state and larger quantities call for shipping rates.

Please fill in the order form below with your enclosed check as soon as possible to insure your sweet corn supplies. (PLEASE NO CREDIT CARD, CASH OR C.O.D ORDERS.)

Hybrid Descriptions

Xtra-Sweet Yellow:

Northern Xtra-Sweet: 67 day yellow sweet corn with a 9.0" ear, excellent emergence and seedling vigor

Vision Xtra-Tender: 75 day yellow sweet corn hybrid with an 8.0" ear, 16-18 kernel rows, good emergence and seedling vigor. This hybrid has tender kernel for superior eating quality.

Chieftain: 79 day yellow sweet corn hybrid with an 8.0-8.5" ear and very good emergence and seedling vigor suited to early season sowing; resistance to common rust allows ears to maintain size under moderate environmental stresses.

SE Bicolor:

Bon Appetit: 71 day bicolor with an 8.0" ear. This hybrid has good emergence and seedling vigor, and a large blunt ear. Eating quality is excellent.

Lancelot: 82 day bicolor ideal for the home gardener and roadside stand operation. Ears are large and cylindrical, 9" in length and 2" in diameter, with 16-18 kernel rows. This hybrid has excellent eating quality with very high yields.

Hybrid	Color	Maturity	Ear Length (approx.)
Northern Xtra Sweet	Yellow	67	9 inch
Vision Xtra-Tender	Yellow	75	8.0 inch
Chieftain	Yellow	79	8.0 to 8.5 inch
Bon Appetit	Bicolor	71	8.0 inch
Lancelot	Bicolor	82	9.0 inch

It's time to order your NAYLORSEED sweet corn.
