**MANY THANKS** for your past purchases and/or interest in Xtra-Sweet hybrids. Xtra-Sweet varieties have an eating quality unsurpassed in the sweet corn industry.

**NAYLORSEED** is representing the Xtra-Sweet family of sweet corn that has shown to be twice as sweet at harvest when compared to normal varieties. We have reserved what we believe to be ample supplies. In case the demand is greater than we anticipate, **EARLY ORDERS** will be shipped as requested, but late orders may necessitate substitutes for certain hybrids. These varieties are being sold for as much as \$25.00 per lb in gardening catalogs.

### Xtra-Sweet Bicolors:

Northern Xtra-Sweet BC=67 day, Honey & Pearl=76 day *(Limited Supply)*

### Xtra-Sweet Yellow:

Northern Xtra-Sweet=67 day, Chieftain =79 day

### Xtra-Tender Yellow

Vison =73 day

**Our 2008 prices on these hybrids offered on a F.O.B. basis are:**

TOTAL POUNDS ORDERED	PRICE PER POUND	SHIPPING & HANDLING

# Hybrid Descriptions

## **Bicolor:**

**Northern Xtra Sweet (Bicolor):** 67 day bicolor sweet corn with a 9.0” ear, excellent emergence and seedling vigor. Excellent cold soil emergence and seedling vigor. Sturdy plant type- medium to short in stature

**Honey & Pearl:** 76 day bicolor ideal for the home gardener and roadside stand operation. Ears are Large and cylindrical, 8.5-9” in length, 2”in diameter, with 16-20 kernel rows. This hybrid has excellent eating quality with refined kernels and improved germination.

## **Yellow:**

**Northern Xtra Sweet:** 67 day yellow sweet corn with a 9.0” ear, excellent emergence and seedling vigor.

**Vison Xtra-Tender:** 73 day yellow sweet corn with a 8.0” ear, 16-18 kernel rows, good emergence and seedling vigor. One of the trademark Xtra-Tender family, with a tender kernel for superior eating quality.

**Chieftain:** 79 day yellow sweet corn hybrid with an 8.0-8.5” ear and very good emergence and seedling vigor suited to early season planting, and resistance to common rust allows ears to maintain size under moderate environmental stresses.

<b>Hybrid</b>	<b>Color</b>	<b>Maturity</b>	<b>Ear Length (approx.)</b>
Northern Xtra Sweet	Yellow	67	9 inch
Northern Xtra Sweet BC	Bicolor	67	9 inch
Honey & Pearl	Bicolor	76	8.0 to 8.5 inch
Vison	Yellow	73	8 inch
Chieftain	Yellow	79	8.0 to 8.5 inch
