## MULTIOAT brand OATS;

*Plant the "Multioat" varieties for maximum profit! High yields, heavy test weights, high protein, and excellent standing quality set these oats apart in the market place.*

### Multioat SE2004

(Short height, Early) Excellent Standability with maximum disease resistance.  
Early maturity allows earlier sun exposure to seedlings.

### Multioat TE2004

(Tall, Early) Maximum Straw, Stands well for a tall oat Great test weight for an early oat.

### Multioat MM98

(Medium height, Midseason) Great test weight and standability. Great yield potential

### Multioat MM2000

(Medium height, Midseason) Very good test weight and standability. Our Highest Yielding Oats,  
Great disease resistance package, Strong emergence

### Multioat TM90

(Tall, Midseason) This oat has the heaviest test weight we have ever seen. For maximum straw, top protein, and good standability, plant TM90. Resistant to "Smut".

**Striker Forage Oats** Great for chopping, lots of tonage, high feed value, plant spring or fall!
